

ENVIRONMENTAL POLICY

Policy Statement

Melchor Contracting is committed to the protection of the environment, including the prevention of pollution and minimisation of waste relevant to our processes. We are committed to achieving and demonstrating sound environmental and social responsibilities by controlling the impacts of our activities and continually improving our environmental management system.

Environmental Objectives

The Management and Staff at Melchor Contracting are committed and will strive to:

- Implement processes to minimise waste and protect the environment
- Actively promote recycling at all places we work
- Purchase environmentally friendly products wherever possible

To achieve our objectives, we will:

- Develop and implement procedures, processes, and instructions to ensure the protection of the environment
- Define and meet objectives, by documenting and monitoring measurable environmental targets as part of our continual improvement process
- Conduct regular management review meetings to ensure our environmental management system is reviewed and controlled appropriately
- Compliance with all statutory, regulatory, and other requirements applicable
- Ensure our environmental management system is conformant and certified to ISO 14001:2015
- Conduct audits of key processes within the business as part of our continual improvement process
